

New Member Program

The introduction and integration of new members into our club is a most important process. It is a major influencing factor for the long-term enjoyment of the sport of curling. It helps when a new member is able to learn from a more experienced member of our club.

Welcome to our "**New member Program**".

A new member, especially someone new to curling, can often feel overwhelmed by all the new things that he/she has to learn about our club as well as about the sport of curling. Routine matters that long-time members may take for granted can be confusing and perhaps even upsetting to a new curling member.

A checklist from the office will be helpful in ensuring that a new member has a good introduction to the curling club and the sport. Please amend/add to the list as necessary since you may feel that other items should be covered.

When the checklist is completed and the New Member Program committee of Don Nielsen, Bob Chick, Warren Richardson, John Thompson, and Harold Mooibroek are satisfied that the Curling Member has fulfilled the requirements of the **New Member Program**, the member will be rewarded with a \$ 50.00 gift certificate to our Pro Shop for each new person you bring in who becomes a New Member (excluding Junior/Bantam or Little Rocks). .

Note:

If your situation should change and you are unable to continue in your role **be responsible** – and

- Inform your new member
- Inform the New member Program committee.

The form is to be completed by December 15, 2008 and signed by both you and the new member.
